12 March 1958

Dear Guillemin,

I shall be arriving in Paris on the morning of Friday 28 March, and have a meeting with Wyart in his Laboratory at 11 o'clock. I leave at 23.00 hours on the Saturday by train for Geneva. Can you let me know when you and I can meet for a talk? Wyart mentions that there will probably be another French delegate as well as yourself and I have sent him a set of documents to give to this person when it is decided. Could you also arrange for me to meet this delegate whoever he is?

Although time is very short we are getting the essential arrangements made and I am going to Madrid on the 1st April to help Amoros with arrangements. I have heard that Frondel would accept nomination as Chairman of the Minerals ~~Data~~ Commission, which is good news.

Yours sincerely,

N. F. M. Henry
